Executive Summary

- 1.0 Every council has to produce and publish a housing lettings policy ¹. This is Haringey's Lettings Policy. It shows:
 - how to apply for housing in Haringey;
 - how we decide who to let homes to;
 - how we offer choice; and
 - how we make offers of housing.
- 2.0 The policy reflects the legal requirements placed upon the council ² and in addition draws upon regulations and guidance and good practice. ³
- 3.0 The policy sets out how the Council works with the private sector and partners such as housing associations to address homelessness, overcrowding and the need to develop safe, diverse neighbourhoods. The Borough faces severe housing shortages.
- 4.0 The policy sets out how a points system is used to ensure fairness and openness in allocating homes and should be considered alongside new services such as Prevention and Options and the Reduction in Temporary Accommodation Strategy.
- 5.0 There is a high level of housing need locally. The policy sets out a number of limited but clear priorities. The number of people who will be directly housed by the Council will be limited to those with the most severe housing needs. Tackling overcrowding is a high priority. Applicants with low levels of need will be advised of other options they can consider.
- 6.0 Preventing homelessness, offering choice and increasing the range of ways to meet housing need means placing an emphasis upon applicants with the most severe housing needs. It requires a range of options to be available to other people.
- 7.0 The close working relationship with Social Services is reflected in the policy. It will ensure that older and vulnerable people have their needs addressed in a fair and consistent way.

¹ Section 167 Housing Act 1996 requires a scheme to be in place

Section 168 Housing Act 1996 requires the scheme to be published

² Housing Act 1996 amended by the Homelessness Act 2002

³ The main guidance relating to Lettings is the Allocation of Accommodation: Code of Guidance 2002
This is supplemented by various Statutory Instruments (Regulations)

8.0 By 2010 Haringey will reduce the number of households in temporary accommodation by 50%. This policy is the key to achieving that target.

9.0 The policy reflects the commitment to create greater choice, through the introduction of Choice Based Lettings for most applicants. It responds to everyone in a fair, open and consistent way. The policy is backed up by procedures.

10.0 The Lettings Policy will be reviewed regularly including consideration of the way the policy assists the promotion of choice and mobility across the North London sub region.

Introduction

This document sets out Haringey Council's Lettings Scheme. It is the allocation scheme for determining priorities for the letting of Council homes and nominations to Registered Social Landlords. This policy fully complies with all legal requirements and reflects recent changes to the law arising from the Homelessness Act 2002 and various Statutory Instruments. It also reflects case law and has regard to the Code of Guidance on the Allocation of Accommodation issued by the Government in May 2002.

The Challenge facing Haringey

Haringey contains some of the most deprived wards in the Country. Almost 30% of Haringey's population live in areas that are amongst the 10% most deprived in the United Kingdom.⁴ The borough has relatively high levels of unemployment and a high level of inequality in health reflected in high levels of vulnerability such as mental health. 11.5% of households have incomes below £10,000⁵ leading to significant numbers of residents relying upon social housing. It is this level of deprivation when coupled to the ethnic and culturally diverse nature of the borough, and the implications of this for family income and household size that provides the background to this Lettings policy. The main challenge for the policy is how to address high levels of severe housing need in a fair and transparent way with homes being allocated to people with the greatest need. According to the Housing Needs Survey Update 2005 there is a shortfall of 4387 affordable homes.⁶ In 2004/5 the level of homeless applications was running at 145% of the total social housing lettings and of the applicants 90% were from Black and Minority Ethnic households. All the evidence points to a borough and a housing service under severe pressure. This Lettings Scheme helps implement the Council's commitment to:

- Prevent homelessness.
- Increase options for access to good housing for homeless people.
- Increase choice for residents in housing need.

⁴ Indices of Deprivation 2004, DCLG.

⁵ GLA CACI September 2005

⁶ Housing Needs Survey Update 2005

- Meet the needs of specific groups such as vulnerable and older people or BME residents.
- Establishing a fair and open way of allocating social housing.
- Meet its wider commitments to creating safe, diverse neighbourhoods.
- Reduce the number of people in temporary accommodation.

Homes for Haringey

Homes for Haringey are an arms length management Organisation (ALMO). They manage Council housing, which is owned by the Council, on behalf of the Council. They are the Managing Agent and their role is set out in a Management Agreement between the Council and the ALMO. The Council has strategic responsibility for preventing and tackling homelessness and for planning how the borough will meet its housing supply problems. It has to plan how housing needs of residents will be met. The Lettings Policy is an important policy that is the responsibility of the Council. However Homes for Haringey are required under the Management Agreement with the Council to undertake some functions relating to the letting of homes. The Council and Homes for Haringey are a key partnership for meeting the severed housing needs facing the borough.

Our Priorities

The policy has been developed in line with relevant legislation, guidance and good practice. The law says to whom we can and can't allocate housing. It allows Haringey to give reasonable preference to particular groups of people to whom housing can be allocated.⁷

The high levels of housing need locally mean that the policy focuses upon meeting the housing needs of:

1. *People facing severe overcrowding*

Addressing overcrowding locally is a top priority. According to the 2001 Census there are 20,455 households in Haringey who are suffering from overcrowding which equates to 22% of all households in the borough.⁸ More than 10% of households living in social housing are overcrowded with 4.4% severe overcrowded. Many living in the private sector also suffer with nearly 8% overcrowded.

2. *People with Medical requirements*

The policy considers people with medical needs a high priority. The aim is to make sure that disabled or chronically ill applicants, including those with children with disabilities, are able to obtain housing that allows them a good quality of living. In responding to the

⁷ Section 167 (2) of the Housing Act 1996 as amended by the Homelessness Act 2002.

⁸ 2001 Census

medical needs of applicants the Council seeks to balance such needs against other housing pressures.

3. Vulnerable People

Adults vulnerable due to mental health issues or learning disability are a further focus of the policy. Addressing the housing requirements of people with complex needs is a priority. This policy highlights the importance of ensuring that vulnerable and excluded groups are able to access Choice Based Lettings in accordance with good practice.⁹ Haringey has adopted the following definition of vulnerable adults¹⁰ :

“A person over the age of 18 years who:

- Is or may be in need of community care services by reason of mental or other disability, age or illness*
- and who*
- Is or may be unable to take care of himself or herself*
- Is or may be unable to protect himself or herself against significant harm or serious exploitation.”*

4. Older People

The Lettings Policy reflects the priority Haringey Older People’s Service (OPS) gives to supported housing. The aim of OPS is to provide an individual social care, support, advice and advocacy service within a housing management context, relevant to the needs of older people from the full range of communities and cultures in Haringey. The objective of the supported housing service is to help older people to maintain their independence and live at home as long as practical. The wider challenge is to slow down deterioration and consequent loss of confidence and self esteem. The Lettings Policy complements the supported housing service and reflects the close working between housing services, housing providers, health and social services in addressing the needs of older people.

5. Domestic Violence

Haringey has an impressive track record in responding to Domestic Violence. The Lettings Policy reflects that commitment. The importance of responding to harassment in general and Domestic Violence, in particular, is reflected in the pointing scheme that complements the policy.

Equalities

Throughout its work, Haringey Council is committed to reflecting the full diversity of the community it serves and to promoting equality of opportunity for everyone. We accept that the Council is not free of unintended institutional discrimination. We will work to eradicate it. We aim to ensure equal access to our services by all citizens on the basis of need and to provide services in a manner that is sensitive to the individual whatever their background. We will represent the needs of our diverse communities to other agencies and make equal opportunities a key guiding principle in all our work with our partners. We will ensure that our workforce reflects the community it serves. We will take positive action to realise our equality of opportunity policy. We have a duty to eliminate discrimination on the grounds of age, disability, colour, ethnic origin, nationality, national origin or race, gender, HIV status, marital status, region or belief, responsibility for dependents, sexual orientation or unrelated criminal convictions.

Discretionary Powers

The Lettings Policy cannot cover every eventuality. In special cases with exceptional needs, the **Head of Housing Needs** has discretionary power to award additional priority and approve offers of housing taking into account all factors relevant to housing and social needs.

In the various sections of the policy, reference is made to the rules determining priority and eligibility for housing. In all these instances, subject to any legal constraints, discretionary powers may be used to deal with special cases which may need to be treated in an exceptional way.

The points scheme set out in the policy may be varied, as required, to reflect the meeting of priorities.

Chapter 1: Who can be considered for housing?

Any person may approach the Council and ask to join the Housing List.

The reality of the severe lack of social housing lettings is that only a very small number of people will be offered social rented housing.

Applicants eligible for housing are considered according to their level of housing need. Housing need is measured by a points system that reflects this Lettings policy.

All decisions made will be put in writing and provided to the applicant.

There are also two groups of people who are not eligible to apply for council housing. These are people:

- covered by immigration rules.
- guilty of unacceptable behaviour.

People covered by Immigration rules

Applicants from abroad who are subject to immigration control are ineligible for allocations. The Secretary of State has prescribed classes of people who are subject to immigration control but are nonetheless to be eligible for allocation.

The Allocation of Housing and Homelessness (Amendment) England Regulations 2004 set out that some people who have a right to enter a Country (Such as EU Citizens) may not be eligible for housing if they are not habitually resident or not here exercising EEA rights (e.g. right to work).

Unacceptable Behaviour

‘Unacceptable behaviour’ is behaviour that would be likely to result in the council gaining a possession order against you or your family, even if you are not actually Haringey Council tenants. Unacceptable behaviour includes:

- owing substantial rent arrears (to any Landlord);
- causing nuisance and annoyance to neighbours or visitors (anyone with an Anti-Social Behaviour Order);
- being convicted for using your home for illegal or immoral purposes (e.g. prostitution or drug dealing);
- committing an arrestable offence in or near your home;

- being violent towards your partner or family;
- allowing the condition of your home to deteriorate;
- getting your tenancy by deception (for example, by giving untrue information);
- paying money to illegally obtain a Haringey Council tenancy

Applications from Home Owners

Housing applications from home owners are considered. However the following factors will be taken into account:

- Whether an applicant can reasonably be expected to remain in accommodation taking into account medical, social and other needs.
- The equity available if the property were sold and whether this would provide sufficient funds for the owner to buy or rent alternative suitable accommodation.
- Income, savings and/or other investments.

The Council will assess whether sufficient funds are available to secure alternative suitable accommodation, taking into account the market value of the type of accommodation required.

Where there are medical problems, applications will be considered in the following circumstances:

- Where it is not possible to adapt the current accommodation to meet the needs of the owner-occupiers medical condition.
- Where it is too expensive to adapt the existing accommodation to meet the needs of the owner occupiers medical condition and they cannot afford to buy or rent suitable alternative housing.
- The sale of the property would not enable the owner occupier to purchase or rent an alternative property suitable to their needs.

Four Categories of Priority

The Council has to give priority to applicants who fall within categories of need defined by the law. The priorities reflect local needs and the legal requirement to give '**reasonable preference**', '**additional preference**' or '**local preference**' to certain people who apply.

The Council has adopted four broad categories of housing need. The points system reflects these. Each is divided into priority areas.

The four categories of need, adopted by the policy allows clarity with respect to the different priority groups. Priority given to each group in the Points scheme reflects the legal and guidance requirements.

The four categories are:

- Families and Children.
- Property.
- Care and Health.
- Stable Communities.

Chapter 2: Families and Children

The Homeless.

Homeless households are a high priority for the Council. The Council primarily seeks to prevent homelessness.

It has adopted a Prevention and Options policy and has introduced a new service to prevent homelessness. The aim is to help homeless households find alternative housing.

If alternative options are not available and homelessness cannot be prevented then households may be eligible for a Council or housing association property subject to them having sufficient points. Homeless households will be allocated the following number of points:

Data protection

The Data Protection Act 1998 (the Act) is designed to protect personal data about living individuals (Data Subjects). As a Data Controller, Haringey Council is committed to complying with this legislation by applying the Principles of Good information handling across all its services.

Tenancy Audit Scheme (TAS)

It is the requirement of Haringey Council, as part of its wider challenge to stop fraud to photograph all applicants and to keep a record for identification purposes.

Information Check

All applications must be supported with relevant documents. All supporting documents, as far as possible, must be originals. Without this information Haringey cannot process an application. The Council reserves the right to make enquiries into your application.

Chapter 7: Choice- The heart of the Lettings Policy

Our Commitment to you

People applying for housing should be able to choose where they live. This Lettings policy gives priority to people with the greatest housing need, but also places choice at the heart of the way we work. The Council has moved to a Choice Based Lettings scheme for most lettings.

Home Connections

Haringey is part of the Home Connections scheme. This is the North London choice based lettings scheme. When properties become available, they are advertised widely and applicants are invited to bid. The system allows applicants to bid for properties which they would like to be offered. Applicants on the Housing Register and existing tenants can bid for property. People can bid for as many properties as they like.

A nomination agreement is in place between the council and its housing association partners to ensure the best use of available homes via the Home Connections framework.

Exceptional Circumstances

All allocations of permanent housing stock will be made this way, except in exceptional circumstances. These could include:

- **Emergency moves**
The Home Connections Scheme takes time to operate and sometimes the situation is urgent. Direct offers may be made, for example, where there are child or public protection issues, where significant repair or structural work is required (which can't be carried out while the property is occupied), where there is serious harassment or violence or where the police ask for assistance under the National Witness Mobility Scheme.
- **Conversion of council owned stock used as temporary accommodation**
 - A homeless person who has been placed in council owned temporary accommodation may at the council's discretion later be made a direct offer of a secure tenancy of this accommodation.
- If it may be costly to the Council if an applicant is not moved.
- Where homes are significantly adapted for use by vulnerable persons or with a disability.
- Where properties are designated for use by the Older Persons Service.

- Where a property is difficult to let.
- Allocations to temporary accommodation.
- Allocations to any homes which the council requires for specific purposes.
- In any interim period where either the Council is in organisational change.
- Where Choice Based Lettings (CBL) may lead to detriment being suffered by any groups(s)/persons.

Fraud

Applicants will be closely checked, and evidence requested, by the Council before an offer is agreed. This means all relevant supporting documents and information supplied will be checked and appropriate home visits made. We will make sure you are legally entitled to housing. Where evidence is not provided the offer of housing will be withdrawn. If evidence of false information or any related fraud becomes known after the applicant has moved in or the transfer taken place, the Council will recover the property through the Courts and consider prosecution.

Declaration on Fraud

The law ⁽¹¹⁾ very clearly states that it is an offence to make false statements, withhold information, or fail to disclose any change in circumstances. Haringey will take appropriate action if fraud is suspected.

What if I refuse the offer?

Applicants made offers under Home Connections are not expected to refuse the offer, as they have asked to be considered for the property. All applicants included in the scheme will be provided with information to ensure they understand the scheme and the requirement for them to be pro-active. If a property is requested and the applicant later discovers that there is someone living locally that is a threat to them or their household, they may refuse the property within 24 hours of signing the tenancy.

Please note that refusing a suitable offer may lead to the Council discharging any legal obligation it has to re-house an applicant.

Chapter 8: Other Housing Options

Prevention and Options Service

This Lettings Policy has clearly set out a number of priorities.

For applicants who are threatened with homelessness or suffer from lower levels of need the Council has introduced the Prevention and Options service. This service advises residents on all available housing options as well as working hard to prevent homelessness through schemes such as:

- Homeless at Home and mediation.
- Helping secure private sector lettings.
- Helping secure home improvements to allow people to remain in residence.

The amount of social housing available each year is extremely limited. The Council has developed its Prevention and Options service to advise applicants on the Housing Register, or people in danger of homelessness, of alternative options. This section describes some alternative ways of existing council and housing association tenants, and in some cases those on the housing register securing accommodation. People's needs and circumstances are considered before an offer is made.

Table 2: Mobility Scheme options

Mobility Option	Description
Homeswap Scheme	HOMESWAP (Housing Organisation Mobility and Exchange Services) is a national scheme. It allows councils and housing associations to put people forward for each other's housing.
Seaside and Country Homes	The Seaside and Country Homes scheme allows council tenants and housing association tenants, aged 60 or over, to give up their council properties and move to the coast or countryside.
Anchor Trust Retirement Homes	The Anchor Trust is a housing association that provides sheltered housing in many parts of the country. This is accommodation for older people, with the services of a warden if needed.
Moving out of London	Moving out of London may be an option. Some towns and cities have social and affordable housing to rent or buy. You can apply to move out of London if you are: <ul style="list-style-type: none">• Haringey Council tenant.• Haringey housing association tenant.• Homeless household living in temporary

Chapter 9: Reviews and Complaints

All applicants have a right to appeal under the Housing Act 1996 ⁽¹²⁾. This means that they have:

- a) The right of review of any decision not to give a preference under the policy.
- b) The right, on request, to be informed of any decision about the facts of an applicant's case which has been, or is likely to be, taken into account in considering whether to make an allocation.
- c) The right to a review or request any decision to treat an applicant as ineligible for any reason.

Homeless applicants also have an additional right of review of the suitability of any offer under Section 202 of the Housing Act 1996. There are three other appeals against the offers of accommodation that are available where the applicant does not have a statutory review. These are:

1. Council Tenants.
2. Housing Register applicants that Haringey have not accepted a homelessness Duty.
3. Homeless applicants who applied before 1st April 1997.

Complaints

For applicants concerned at the quality of the service they received the opportunity to make a complaint exists. Haringey operates a three-stage procedure for dealing with complaints:

Stage 1 Local Resolution.

When we receive your complaint, we will try to sort out the problem straight away. If we can't, we will write to you within 2 working days to let you know who is dealing with your complaint. We reply in writing to you within 15 working days.

Stage 2 Service Investigation

If you are unhappy with our Stage 1 reply, you are entitled to have your complaint considered by a senior manager in the relevant service. You should contact the Directorate complaints officer to explain why you are unhappy with the Stage 1 response.

Stage 3 Independent Review

If you are unhappy with our stage 2 reply, the Central Feedback Team (formerly Corporate Complaints' Team) can conduct an investigation. The Central Feedback Team is independent of the service departments and will carry out an impartial investigation of your complaint on behalf of the Chief Executive.
