Which policy / site / paragraph are you commenting on?

SKY CITY

Do you have any comments or suggestions for how it could be improved?

I support the development and improvements intended for the Wood Green area. However, what is important to me is that I will be able to keep my ~~my~~ existing rights. For example;

I have a long term accommodation agreement within the metropolitan housing association and would like assurance that if the Sky City is demolished I will be given replacement housing within the Wood Green area that will be of the same rates and standards of my current housing situation.

I have a wish to be given a home of the same size with a garden and on ground floor as I have a disability and cannot climb stairs.

If I am not given guarantee of the above then I am not interested in a development in Wood Green as I am scared that I will be displaced outside of the Wood Green area or left homeless.
