Outcome of Statutory Consultation and Works Notice

Installation of Electric Vehicle Charging Points (EVCP's) at various locations in the borough.

Dear Resident or Business,

You may recall that we consulted you in October/November 2022 regarding the possible introduction of 40 Electric **Vehicles Charging Points (EVCP's)/bays at** 15 locations in the borough. We received a good response to the consultation and on behalf of the Council, we would like to thank all those who took the time to have their say and make their views known.

As part of the decision-making process, the council have considered all comments and objections received, the Council will now proceed with the **introduction of EVCP's at the** locations provided with this letter. Design drawings for each location are available to view on the Councils website which can be found here: <https://www.haringey.gov.uk/new-ev-charging>.

These **EVCP's** will be part of the Source London network and accessible to Source London **members and all other users on 'pay as you go' bases.** More information on membership and usage prices of the charging points can be found on the Source London website which can be found here: www.sourcelondon.net

The installation works for the **EVCP's** points will be carried out over the next two months and we expect all the charging points to be operational by end of **August 2023.**

If you have any queries or require any further information, you can e-mail us at frontline@haringey.gov.uk.

Thank you for your interest,

Yours faithfully,

A handwritten signature in black ink that reads 'Ann Cunningham'.
