

## Public Engagement on Existing Parking Controls

Review of Roads in Crouch End 'B' Controlled Parking Zone (CPZ)

### Introduction

We are writing to ask for your views on the existing Crouch End 'B' CPZ. We would like to know if you have experienced increased parking pressures, whether the current operational times are managing parking demands and whether you feel a change to existing operational times is required.

### Why we are engaging with you

In the 2020 Council approved CPZ policy, it sets out that the Council aims to review all permanent CPZ's in the borough every 5 years. This is to ensure that the current parking provision and arrangement still works for the community and ensuring operational days and times are still working well to manage parking stress.

To ensure that the Council manages any potential parking concerns, and in line with our 2020 CPZ policy, we are engaging with residents to understand which, if any, roads are experiencing parking pressure, what these pressures may be, and if residents and business would like changes to be made to the existing parking controls to better manage parking.

We will also be conducting a review of the Crouch End 'A' CPZ in parallel to this review. Analysis and evaluation of the results of the reviews will be undertaken alongside one another.

The existing Crouch End 'B' CPZ boundary can be seen on the attached plan.

### Have your say

We would like to know if you have been experiencing parking pressure, feel changes to the operational times of the existing Crouch End 'B' CPZ are required, and if so what days and times you prefer. We would also like to hear of any road safety issues that could be affecting your community.

**Please submit your response to this public engagement to reach us no later than 23 November 2022. You can do this via one of the following three options below:**

**Online:** fill in a questionnaire for the Crouch End B CPZ Review which is found by following this link <https://www.haringey.gov.uk/current-parking-consultations>

**Email:** fill in the questionnaire and email it to [frontline.consultation@haringey.gov.uk](mailto:frontline.consultation@haringey.gov.uk)

**Post** – fill in your paper copy of the questionnaire and return it to us using the Freepost envelope provided.

**Please Note:** If you are responding on behalf of an organisation only one reply will be accepted. You must give your full postal address when responding to this public engagement if you want us to consider your views.

## Other changes on offer

To promote the uptake of electric vehicles we are considering new locations to increase the number of electric vehicle charging points/bays available in the borough. If you would like to request an on-street charging point, then please provide your address and the suggested location under Q9 within the questionnaire.

Dedicated disabled parking bays (those that can only be used by one vehicle registration) are one of the benefits being offered by the Council to help residents with severe walking impairments and those residents who cannot travel far to their vehicle. The bays are intended to provide the eligible residents easy access to and from their homes and ensuring there is sufficient room to manoeuvre in and out of their vehicle. For full details on dedicated disabled parking bays and how to apply online please visit: <https://www.haringey.gov.uk/parking-roads-and-travel/parking/dedicated-disabled-parking-bay>.

If you do not have access to the internet, you can also request a dedicated disabled parking bay under Q10 within the questionnaire.

## What happens next?

Our estimated timeline to progress this project is detailed below.

- November / December 2022: Council Officers will undertake analysis of responses and prepare recommendations for reporting.
- December 2022 / January 2023: Officers will prepare a report with recommendations which will be submitted for a decision to a key officer in consultation with the relevant Cabinet Member.
- February 2023: We will write to you to update you on the outcome of the public engagement and decision. If changes are required and approved, we can then progress to statutory consultation.
- March / April 2023: Statutory consultation which includes advertising the necessary changes in the local newspapers allowing anyone to object to the proposals.
- May 2023: Officers will prepare a second report with recommendations on whether to implement the changes on the street. This decision is likely to be taken by the relevant Cabinet Member.
- June/July 2023: We will write to you again to inform you if any changes will be implemented and the timeframe for this.

With thanks for your attention, we look forward to hearing from you.
