SURVEY OF DISABLED PEOPLE - HARINGEY'S TRIAL LTNs

As we approach the end of the low traffic neighbourhood (LTN) trials, we are seeking your views. Your feedback, together with data we have collected and are analysing, will enable the council to decide whether to make the LTNs permanent.

Haringey Council is conducting this survey to understand how disabled people, including those with a long-term health condition, feel about the trial LTNs. Your responses will help us better understand the impacts, benefits and challenges that LTNs bring to you and other disabled people.

Background

In 2022, we introduced our three Streets for People LTN trials in Bounds Green, Bruce Grove West Green and St. Ann's because we wanted to reduce the overall volume of traffic in and around the area so that more people can walk, cycle and wheel in cleaner air and safer streets.

The trial LTNs were created by introducing traffic filters which prevent motor vehicles from passing through, unless they have an exemption. The aim was to reduce the number of motor vehicles cutting through local streets and to encourage, where possible, local journeys to be taken by sustainable modes.

The filters all have traffic signs, most have planters and are enforced by cameras allowing police, fire and ambulance service vehicles to pass through. All properties within an LTN are accessible by motor vehicle, but the route taken to reach them may have had to change.

We introduced the LTNs with exemptions in place which allow anyone to apply to the council for permission to drive through some of the traffic filters if they meet our exemption criteria.

Interim LTN review

In early 2023, after the trials had been in place for a short time, we asked for feedback on how the LTNs were working and whether you wanted the council to make any changes. After listening to all feedback received, including from disability and community groups, and analysing the before and after data we introduced some improvements on 4 September 2023.

The changes included:

- extended the exemptions we offered so that all Blue Badge holders living in Haringey could apply to drive through most of the traffic filters that are enforced by camera

(previously, exemptions were available only for Blue Badge holders who lived within or on the immediate boundary of the LTN)

- allowing special education needs and disabilities (SEND) vehicles to also drive through diagonal traffic filters

As these LTN improvements were changing how people move around by car, we introduced them under new trials.

The new trials started on 4 September 2023, and each can legally remain in place for a maximum of 18 months, to 3 March 2025. The first six months of the trials provided a statutory consultation period when formal objections to the traffic order could be made, this period ended on 3 March 2024.

LTN exemptions are available for:

- Haringey Blue Badge holders
- People with health conditions and professional carers who meet the Individual Circumstances criteria
- Urgent safety matters
- Special educational needs and disabilities (SEND) transport
- Haringey services transporting people with disability and Transport for London's Dial-a-Ride service
- Council refuse and cleansing services
- Emergency services

What happens next?

After the consultation closes on 20 September 2024, Haringey Council's Cabinet will take decisions on whether to make the trial LTNs permanent.

The council has been monitoring data such as traffic, air quality, road safety, crime, and bus journey times.

This data, together with your feedback, will help inform the council's decisions which are expected to be taken on 10 December 2024.

The questionnaire comprises of five sections:

1. About you
2. About your experience of the trial LTNs
3. About your experience with exemptions
4. Equality monitoring (optional)
5. Your feedback on this questionnaire (optional, but your answers will help us continually improve how we engage)

Section 2: Your experience with our three trial Low Traffic Neighbourhoods (LTNs)

In 2022, we introduced our Streets for People Low Traffic Neighbourhood trials in Bounds Green, St Ann's and Bruce Grove West Green because we wanted to reduce the overall volume of traffic in and around the area, enable safer walking, cycling and wheeling so that the whole community can benefit from cleaner air and safer streets.

The trial schemes were created by introducing traffic filters in several places that do not allow motor vehicles to drive through. The filters all have traffic signs, most have planters and are enforced by cameras allowing police, fire and ambulance service vehicles to pass through. All properties within an LTN are accessible by motor vehicle, but the route taken to reach them may have had to change.
