## Outcome of Statutory Consultation and Works Notice - Bikehangar (Cycle Parking Storage) – 2024-25 Batch 2

Dear Resident or Business,

You may recall that we consulted you in September 2024 regarding the possible introduction of 50 cycle hangars (Cycle Parking Storage) at various locations across the borough. We also consulted on the revised plans for 3 cycle hangars. On behalf of the Council, we would like to thank all those who took the time to have their say and make their views known.

Full details of all the comments can be found in the decision report for the proposed cycle hangars, which is now available on the council's website at:

<https://www.minutes.haringey.gov.uk/ieDecisionDetails.aspx?ID=3124>;

<https://www.minutes.haringey.gov.uk/ieDecisionDetails.aspx?id=3126&LLL=0>

As part of the decision-making process, the council have considered all comments and objections and with the report being approved and recommending the introduction of cycle hangars at the **45 locations** as proposed and listed in this letter. If you would like to view the plans for each location, they are available on our website: <https://new.haringey.gov.uk/streets-roads-travel/travel/cycling/cycle-parking/proposed-bikehangars-202425> - **Proposed Bikehangars (Cycle Parking Storage) - 2024-25 Batch 2**.

### How to apply for a space in a cycle hangar

Applications for cycle hangar spaces are managed by Cyclehoop, the company that supplies and manages the arrangement. Cyclehoop will only start taking requests once a cycle hangar has been installed. A maximum of two spaces can be allocated per person, but if a Bikehangar is under-utilised over a period of time, then Cyclehoop will issue additional spaces if required. Priority will be given to the residents who requested for a cycle hangar to be installed and are on our waiting list.

To apply for a space and for rental charges, contact Cyclehoop directly:

## Cycle Storage/Bikehangar

Bike hangars are communal bike lockers offering storage for six bicycles. A single Bikehangar unit occupies less than one car parking space. The units are easy to open as they have self-lifting doors, and the steel design protects cycles from vandalism, theft, and wet weather.
